The publishing of this report was funded by United States Agency for International Development (USAID) and the Department for International Development (DfID) through the Agile and Harmonized Assistance for Devolved Institutions (AHADI).
1. Introduction

Each year the government sets aside funds for the performance of different functions. Execution of these functions is carried out by the three arms of government and various public-funded agencies. The Office of the Auditor General is established under Article 229 of the Constitution of Kenya 2010, to undertake audits and confirm all public funds are spent lawfully and effectively.

What is an Audit?

• An audit is the independent examination of an entity's spending to confirm fairness and accuracy of transactions
• Audits are conducted to confirm whether public funds are spent lawfully and effectively

How is the Public Audit Process Conducted in Kenya?

The public audit process is illustrated below:

1. Planning
   (Letter of understanding, Entry meeting)
2. Fieldwork
   (Physical verification of records, inspection, exit meeting)
3. Reporting
   (Draft audit report issued to entity, final audit report, reporting to Parliament)
4. Feedback
   (Review of audit reports by oversight committees in parliament and county assemblies, reporting by committees, follow up & implementation of recommendations by the Executive)
1. Introduction

Each year the government sets aside funds for the performance of different functions. Execution of these functions is carried out by the three arms of government and various public-funded agencies. The Office of the Auditor General is established under Article 229 of the Constitution of Kenya 2010, to undertake audits and confirm all public funds are spent lawfully and effectively.

What is an Audit?

- An audit is the independent examination of an entity’s spending to confirm fairness and accuracy of transactions
- Audits are conducted to confirm whether public funds are spent lawfully and effectively

How is the Public Audit Process Conducted in Kenya?

The public audit process is illustrated below:

1. Planning
   (Letter of understanding, Entry meeting)

2. Fieldwork
   (Physical verification of records, inspection, exit meeting)

3. Reporting
   (Draft audit report issued to entity, final audit report, reporting to Parliament)

4. Feedback
   (Review of audit reports by oversight committees in parliament and county assemblies, reporting by committees, follow up & implementation of recommendations by the Executive)
2. Possible Audit Reports

An audit report is the written opinion of the Auditor, regarding an entity’s financial statements\(^1\). The following are the four opinions that can be issued by the Auditor:

<table>
<thead>
<tr>
<th>Opinion</th>
<th>Meaning</th>
</tr>
</thead>
<tbody>
<tr>
<td>Unqualified</td>
<td>This is a clean opinion. It means the financial statements represent a true and fair view of the entity's spending</td>
</tr>
<tr>
<td>Qualified</td>
<td>This opinion is issued where the Auditor finds the statements contain some errors(^2) which are significant(^3) but not widely spread(^4)</td>
</tr>
<tr>
<td>Adverse</td>
<td>This opinion is issued where there are errors; both significant and widely spread across the financial statements.</td>
</tr>
<tr>
<td>Disclaimer of Opinion</td>
<td>This is issued where the Auditor is unable to form an opinion because sufficient audit evidence was not provided. The lack of evidence implies statements could contain errors both significant and widely spread.</td>
</tr>
</tbody>
</table>

What is an Audit Query?

An audit query is a question posed by the Auditor regarding unlawful transactions identified during an audit.

What does an Audit Query include?

It highlights the **nature of the unlawful spending**, the **amount questioned** and the **consequences** of the action.

---

\(^1\)The term financial statements are defined under key terms on page 14  
\(^2\)Often referred to in audit language as misstatements  
\(^3\)In audit terms—significant errors are said to be material  
\(^4\)This refers to the pervasiveness of the misstatements
### 3. Nyamira County Executive

What was the audit report/opinion of the Nyamira County Executive?

The table below summarises the audit opinion for Nyamira County Executive:

<table>
<thead>
<tr>
<th>Financial Year</th>
<th>Audit Opinion</th>
</tr>
</thead>
<tbody>
<tr>
<td>2016/2017</td>
<td>Adverse Opinion</td>
</tr>
<tr>
<td>2017/2018</td>
<td>Qualified Opinion</td>
</tr>
</tbody>
</table>

What were some key audit queries for the County Executive of Nyamira FY 2016/17?

The table highlights some of the key audit queries for Nyamira County Executive for the Financial Year 2016/17:

<table>
<thead>
<tr>
<th>No.</th>
<th>Queries</th>
<th>Details</th>
<th>Amounts Queried in KES.</th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>
<td>Inaccuracies in financial statements-bank reconciliations</td>
<td>The balances reflected in bank reconciliation statements differ from financial statement balances. Varying amounts in the retention, development and mortgage accounts vs financial statements.</td>
<td>56,794,209</td>
</tr>
</tbody>
</table>
| 2   | A decline in local revenue
|     | No collection of local revenue
|     | Failure to automate revenue collection | County revenues from various sources declined sharply in the year and no explanation was provided.
|     | Collection of target revenue was 36% lower. No explanation was provided by management for the underperformance.
|     | Failure to automate local revenue for various sources like the Bus Park, single business permits and market fees, which has increased risk for revenue leakages. | Unknown amounts          | 27,226,638 71,768,108 |
| 3   | Outstanding imprests                 | Outstanding imprests by a staff member totalling KES 615,863 as of 30 June 2017. Some of this was subsequently surrendered (KES 492,605) but the balance was still pending in February 2018 | 123,158                  |
| 4   | Pending bills                        | Failure to clear pending bills that go back to year 2013/14.            | 205,040,544              |
| 5   | Irregular payment of Council of Governors | Payments were not approved by the County Assembly and not budgeted. The Council of Governors Budget is funded by the National Government. | 12,500,000               |
| 6   | Unaccounted fuel costs               | Payment vouchers for fuel, oil and lubricants did not include documents such as fuel registers, work tickets and detail orders. | 2,943,060                |
| 7   | Advance payment                      | Payment was advanced in 2017, but by January 2018, work had not started yet the entire amount had been paid to the contractor. | 10,138,500               |

### Nyamira County Executive FY 2017/2018

The table highlights some of the key audit queries for the Nyamira County Executive for the Financial Year 2017/18.
What was the amount queried in relation to total expenditure?

- **2016-2017**: 55% of the total expenditure was queried; equivalent to KES 2.7 billion
- **2017-2018**: 48.1% of the total expenditure was queried; equivalent to KES 2.5 billion
4. What could have been the best use of the questioned amount? (Opportunity Costs)

Any misappropriated funds could have been put into meaningful use to give the people of Nyamira County, better services and achieve greater value.

The following are examples of funds that could have given the population better value:

a) Youth Education

The County Executive used KES 234,187,055.25 in the FY 2016/2017 towards ECDE and polytechnics. The ECDE classes and polytechnics were not built and the mone unutilised. This was recorded as inappropriate use of money. Had this money been properly used, it would have equipped 23 youth polytechnics at a cost of approximately KES 10 million each. It would have also enrolled 4,600 youth in programmes to gain skills and improve self-reliance, increase revenue collection and create job opportunities.

b) Youth, Sports, Gender and Social Services

In the 2017/18 FY, the County Executive allocated KES 70,748,455 to the ministry of Youth, Sports, Gender and Social Services. The amount wasn't used. If the amount would have been used in women empowerment through the establishment of tree nursery project groups, this would cost KES 2 million to create opportunities for approximately 40 groups of 30 members. And in return build the counties environmental conservation efforts. Indirectly if every nursery produced 100,000 seedlings multiplied by the 40 tree nursery groups, a total of 4 million seedlings would be produced which could benefit 400,000 citizens within the locality. This would have improved the economic status of the county residents.

What was the amount questioned in relation to the total spending by the Assembly?

- **2016/2017:** 45% of the total expenditure queried; equivalent to KES 243 million
- **2017/2018:** 30% of the total expenditure queried; equivalent to KES 198 million

What could have been the best use of the questioned amount? (Opportunity Costs)

The following are examples of funds that could have given the population better value if properly accounted for:

- Under ward expenses, the amount queried of KES 3,565,000; if it were put into suitable use would have constructed a safe house for gender-based violence victims. This would have offered psycho-social support and other technical skills as they recover for integration.

- The total amounts queried in 2016/17 total to KES 180 Million. This money would have funded the civil society network (CSO) to carry out civic education in every ward to the grassroots level. This would enhance public participation, social accountability and social audit, and improve governance and service delivery.
What was the amount questioned in relation to the total spending by the Assembly?

- **2016/2017**: 45% of the total expenditure queried; equivalent to KES 243 million
- **2017/2018**: 30% of the total expenditure queried; equivalent to KES 198 million

6. What could have been the best use of the questioned amount? (Opportunity Costs)

The following are examples of funds that could have given the population better value if properly accounted for:

a) Under ward expenses, the amount queried of KES 3,565,000; if it were put into suitable use would have constructed a safe house for gender-based violence victims. This would have offered psycho-social support and other technical skills as they recover for integration.

b) The total amounts queried in 2016/17 total to KES 180 Million. This money would have funded the civil society network (CSO) to carry out civic education in every ward to the grassroots level. This would enhance public participation, social accountability and social audit, and improve governance and service delivery.
7. Which channels can citizens use to hold the responsible leaders to account?

1. The Constitution and various Acts of Parliament provide for the avenues for public participation, in the planning and budget cycle. From budget formulation to oversight (audit) process.

2. Some legal channels available for the public to hold leaders to account include:
   
   a. Petitions to Parliament; written, must demonstrate effort of trying to resolve;
   b. Submissions both oral and written (Memorandum) during public hearings;
   c. Parliament and Assembly Committee inquiries;
   d. Engagement during vetting and approval of nominees for appointments to county public offices as may be required by law; and
   e. Engagement during impeachments/removal of state officers like the governor, Speaker, County Executives and County Public Service Board.

3. The following bodies are further mandated to provide oversight. Citizens can use the available public participation processes within the agencies, to lodge formal complaints or request for inquiries into corrupt practices:

   a. Ethics and Anti-Corruption Commission;
   b. Director of Public Prosecutions;
   c. Director of Criminal Investigation;
   d. Office of the Auditor General; and
   e. National Treasury.
Definition of Key Terms in Audit Reports

Financial Statements
These are formal records of the financial activities and position of an entity. The structure and contents of financial statements are governed by various laws and regulations, including international financial reporting standards.

True and fair
‘True and fair’ is a concept concerning a set of financial statements that implies there are no significant errors and misrepresentations in the records. Financial statements will not be ‘true and fair’ unless the information they contain is adequate in terms of both quality and quantity to satisfy the reasonable expectations of users of the financial statements.

Internal control systems
This refers to the processes designed, implemented and maintained by those charged with governance and management. This provides reasonable assurance about the achievement of an entity’s objectives concerning the reliability of financial reporting, effectiveness and efficiency of operations, and compliance with applicable laws and regulations.

Unsupported expenditure
This is spending that lacks adequate documentation, such as approvals, authorizations, receipts and vouchers etc. A transaction is also unsupported where some goods and services cannot be verified as received.

Excess/Unauthorized expenditure
This refers to overspending without authorization. In this case, spending is above the budget for a particular programme, but there is no supplementary budget or other authorization to exceed the spending limit in law.

Irregular expenditure
This is spending incurred in violation of the relevant legislation, including the Public Finance Management Act, 2012, County government Public Finance Management Regulations, 2015, Public Procurement and Asset Disposal Act, 2015 or any other Act of Parliament.

Value for money
The economic (spending less), efficient (spending well) and effective (meeting objectives) utilization of resources.

Pending Bills
These are monies or arrears yet to be paid to suppliers for goods delivered or services rendered to a given entity.
